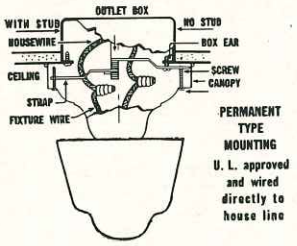
AMERICA'S FINEST

Rm·c NO-GLARE

LIGHTING FIXTURES



PERMANENT TYPE MOUNTING
U. L. approved and wired directly to house line

PLUG-IN TYPE MOUNTING
Connects to socket of standard ceiling fixture.

One Hundred Series

An ideal fixture for small areas such as hallways, kitchenettes, hobby and recreation rooms. End pieces completely cover body and socket for positive protection yet removal of lamps for easy bulb and reflector maintenance is possible without unit disassembly. Sturdy construction for lasting service; scientific engineering and sparkling baked-white enamel finish maximum light without glare or shadows. UNION MADE WITH ALL U. L. APPROVED PARTS IN 110-120 VOLTS, 60 CYCLE, A. C. CURRENT ONLY AVAILABLE IN OTHER VOLTAGES AND CYCLES ON SPECIAL ORDER.

NUMBER	LAMPS	LENGTH	WIDTH	DEPTH
RMC 118 or RMC 118F*	1-15W	18 3/8"	4 1/2"	4 1/2"
RMC 124 or RMC 124F*	1-20W	24 3/8"	4 1/2"	4 1/2"

Available in plug-in type or permanent type mountings. To order plug-in type mounting use plain number and specify 4" or 6" fitter. To order permanent type mounting, use number with letter F added. *Permanent type mounting is U.L. labeled.
